NOTE: RENEWAL is now integrated into the basic course

STANDARD FIRST AID Level 1

This introductory First Aid Course covers skills in patient assessment, medical emergency identification, splinting and bandaging. It is suitable for those seeking a brief course in first aid. This would include youth groups, athletic club personal, and restaurant employees among others. Ideal for companies looking to distribute first aid knowledge to a large number of employees at a low cost.

STANDARD FIRST AID Level 2

This course covers all the topics of Level 1, but in greater detail. Advanced splinting, lifting and moving will be covered. Oxygen administration and the taking of vital signs (including blood pressure, pulse & respiratory rate) will be practiced. Recommended for corporate and industrial first aid teams, or wherever a more extensive first aid course is required. More "hands-on" practice is given. **Minimum level required for most First Aid Squads.**

NATIONAL EMERGENCY COMMUNICATION INSTITUTE (NECI)

This course blends the knowledge and skills needed for a basic Tele-Communicator. This class provides information on the technology and issues surrounding today's public safety communications center. To offer training and a national certification for emergency communications personnel at the basic level. Program provides you with the knowledge and skills necessary to function at the basic level of emergency communication. *Call office for brochure and registration form.*

EMERGENCY MEDICAL DISPATCH (EMD)

The Emergency Medical Dispatch (EMD) course is the principal link between the public in need of emergency medical assistance and the EMS system. **You MUST take the NECI Course before you can take this course.** *Call office for brochure and registration form. EMTs can earn 21 CEUs.*

DEFENSIVE DRIVING

This course contains the most recent research on preventing death and injuries due to traffic accidents. New safety belts, child restraints, headrests, and much more. New Jersey has established a 2-point vehicle reduction program for NJ drivers who satisfactorily complete this course. You save a minimum of 5% from the base rate for bodily injury, property damage, personal injury, and collision coverage for a three-year period.

EMERGENCY MEDICAL TECHNICIAN (EMT)

Call the office, or visit our Web-Site (www.CommunitySafetyConsultants.com) for class schedules.

PET FIRST AID

Learn how to watch behavior and take vital signs so you can catch illness and injury early. Learn how to combat heat stroke, perform CPR, control bleeding, and other cat and dog first aid skills.
