

Community Safety Consultants &
The National Emergency Communications Institute (NECI)

Emergency Tele-Communicator Courses 2019

Learn how to dispatch police and fire services. This 40 hour course blends the knowledge and skills needed for a basic tele-communicator. The most up-to date information on the technology and issues surrounding today's public safety communications center will be reviewed in class. You will learn about roles, responsibilities, legal aspects, interpersonal communications, dispatch equipment, telephone communication techniques and call processing, 911 call handling, radio communication techniques, stress management. Students will hear actual recordings of 911 calls and emergency radio transmissions. Instructors are all certified dispatchers. Emergency telecommunication is now *National Emergency Communications Institute (NECI)*.
