

PALS

CSC AHA Pediatric Advanced Life Support (PALS)

The goal of the American Heart Association PALS (Pediatric Advanced Life Support) course is to aid the healthcare provider in developing the knowledge and skills necessary to efficiently and effectively manage critically ill infants and children. Practice of skills will be done in our state of the art advanced life support laboratory using lifelike manikins and scenarios. Preparation for this class includes reading the text which will be sent to you when you register.

A two (2) year certification card will be issued on successful completion of the course.
